

July 6, 2021

Dear GSL Families, Faculty, and Staff,

I hope and trust that you are enjoying the summer. I'm writing to follow up on my letter and video message to you that was sent June 22. You can [click here](#) to see my previous letter and video message on our new webpage dedicated to updates on the Head of School Search.

Your input is needed to help the Board of Trustees identify and recruit our next Head of School. The Board will be listening carefully to the entire GSL community as we set a direction for our search.

To this end, please participate in a brief online survey by clicking the button at the bottom of this email. **We need your input on this initial survey by Friday, July 16.** This survey is being conducted by our search consultant firm, The Education Group (TEG). The purpose is for TEG to assemble an accurate and comprehensive view of our school that will help them attract and inform a first-rate pool of candidates.

One of our consultants from TEG visited campus last week to learn all they can about our school – its defining characteristics, strengths and challenges, experience and qualifications sought in the next Head of School, and our shared vision for the future. TEG will use your responses to the survey, input from their in-person visits, and information made available from school documents and publications to create the School and Position Profile, a key promotional tool they will use to generate interest in this opportunity and to inform prospective candidates.

If you are a GSL parent and participated in our survey in the spring, thank you. We are carefully reviewing all your feedback from that survey. This new survey has a different focus and purpose, so please also participate in this one. But don't feel you have to duplicate your input from the last survey, as we are already taking that into account.

Again, please take the time to respond to this survey **by Friday, July 16**, and keep your eye out for more updates and requests for input as we go. Thank you very much for your help!

Sincerely,

Paul Morris  
President, Board of Trustees
